

BALLISTIC HELMET SYSTEM

RG-HGG-TPS
\$842.36

This ballistic helmet is the latest in ballistic technology. It is manufactured from advanced Aramid composites and provides Level IIIA (NIJ0101.06) lightweight superior protection from ballistic and fragmentation projectiles as well as other threats. The helmet is available with various add-ons. The harness and pads can be easily removed for cleaning or replacement. The helmet comes equipped with an injected composite NVG mount and picatinny rails that provide a solid platform for any operator and their accessories.

Included Accessories:

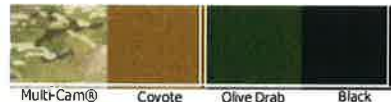

- Helmet Cover
- 4D Pad Kit
- Dual Dial BOA Closure System
- Rail Accessory Mounting System
- 3 Hole NVG Mount
- Hook and Loop Kit
- NVG Retention Bungees
